

Democratic and Popular Republic of Algeria  
Ministry of Higher Education and Scientific

Relizane University  
Faculty of Sciences and Technologies  
Department of Biological Sciences

**1<sup>st</sup>**  
Organizes the  
National online seminar  
on the restoration and the rehabilitation  
of the natural ecosystems face to the  
global changes in Algeria

RRNE 2024

**1<sup>st</sup> Seminar chairman**  
Dr Megharbi Ahmed

**2<sup>nd</sup> Seminar chairman**  
Dr Aouadj Sid Ahmed

June 5, 2024  
At University of  
Relizane, Algeria

### Deadline

**Abstract submission**  
May 20, 2024

**Abstract acceptance**  
A week after submission

restreh.relizane2024@yahoo.com

06.61.85.05.10

## Preamble

Algeria's biogeographical position favors it between the Mediterranean and sub-Saharan Africa, enriched with remarkable floristic and faunal potential. However, this natural heritage is subject to double edapho-climatic stress on the one hand and anthropogenic stress on the other. Researchers have continued to emphasize the seriousness of environmental degradation phenomena and the urgency of adopting adequate solutions to remedy them. Restoration and rehabilitation can thus prove to be an essential complement to the conservation of these environments and the valorization of these bioresources. The development of a national policy consisting of specific strategies, the promulgation of effective regulatory texts and the establishment of administrative and technical structures is also recommended in order to ensure added value to the national economy.

## Expected Objectives

1. State of bioresources in Algeria
2. Popularization and dissemination of research results concerning ecological restoration.
3. Set new research directions in the field of ecological engineering.
4. Raising awareness of the various dangers that threaten the environment and ecosystems in Algeria.
5. Development of agreements between the different participating organizations.

## Thematic

- Axis 1: Impact of global changes on ecosystems  
Axis 2: Restoration, rehabilitation and ecosystem resilience.  
Axis 3: Management of natural heritage  
Axis 4: Valorization of bioresources

**Publication of the proceedings of the scientific event and the 10 best communications (oral+poster) in a special issue of a scientific journal :**

Journal Concepts in Structural Biology & Bioinformatics (JSBB)

ISSN: 2830-8832, EISSN: 2830-8832

Dr. Megharbi Ahmed  
Teacher-researcher of Universities  
PhD in Ecology and Environment

## Instructions for author (author guidelines)

Participation will be voluntary; Oral communication/Displayed communication

-Text (Times new novel 12)

-The abstract must appear in order:

(1) **Header** (title, names of all authors, ranks, profession and affiliations; university, faculty/department and laboratory, enamel), in the case of the doctoral student, the summary must include the name of the doctoral student and 2 supervisors maximum)

(2) **Abstract:** Description of the subject, Objectives, Methods, Results, Conclusion and recommendations according to the objectives of the seminar clearly stated in the announcement

(3) **Keywords:** 5 maximum

-The abstract must not be less than half a page and not exceed one page

-**Abstracts will be sent to the email address:** restreh.relizane2024@yahoo.com

-The registration form must be completed and sent (first and last name, status (teacher/student), university, axis of intervention, type of communication

-The final program will only be finalized one week before the event.

## Seminar languages

- English, Arabic and French

## Important dates

-Deadline for abstract submission: May 18, 2024

-Acceptance of abstracts: May 26, 2024

-Date of the seminar: June 5, 2024

## Contact

Dr Aouadj Sid Ahmed

Telephone: 0661850510

Email: sidahmed.aouadj@univ-relizane.dz

Dr. AOUADJ Sid Ahmed  
Teacher-researcher of Universities  
PhD in Ecology and environment

**Honorary chairman :**

Pr Bahri Ahmed                      Rector of the university  
Dr Baghdadi Djillali                Dean of the Faculty

**scientific committee****Scientific committee chairman**

Dr Aouadj Sid Ahmed                University of Relizane

**Members**

Pr Hasnaoui Okkacha                University of Saida  
Pr Nasrallah Yahia                    University of Saida  
Pr Aboura Redda                      University of Tlemcen  
Pr Benchohra Maamar                University of Tiaret  
Dr Baghdadi Djillali                    University of Relizane  
Dr Benaradj Abdelkarim                U.C. Naama  
Dr Guira Souad                        University of Bord Bou Arriridj  
Dr Zouidi Mohamed                    C.R.A.T Constantine  
Dr Tebache Ali                         H.E.B.S. Oran  
Dr Kerzabi Rachida                    C.R.A.P. Djelfa  
Dr Ould Safi Mohamed                  I.N.R.F Adrar  
Dr Khalid A.E.K                        I.N.R.A. Hmadna  
Dr Boumediene Mostapha                University of Tiaret  
Dr Kechairi Reda                        University of Tlemcen  
Dr Rachedi Abdelkarim                  University of Saida  
Dr Megherbi Ahmed                    University of Relizane  
Dr Hadj Habib Houari                    University of Relizane  
Dr Benchiha Walid                      University of Relizane  
Dr Bachir Bouiadjera M.A                University of Relizane  
Dr Benyakhlef Benkadour                University of Relizane  
Mr Mebarki Hocine                      Forest conservator Relizane  
Mr Fettati Rachid                        Forest conservator Oran  
Melle Derradja Assia                    Chief forest inspector Relizane

Dr. AOUADI Sid Ahmed  
Teacher-researcher of Universities  
PhD in Ecology and environment

Dr. Megharbi Ahmed  
Teacher-researcher of Universities  
PhD in Ecology and Environment

**Organizing committee****Organizing committee chairman**

Dr Si Mohammed Abdesselam        University of Relizane

**Members**

Dr Djellouli Mustapha                University of Relizane
